## Committee Members

The AGM issue has been like last year, a big scramble from the last committee meeting (15th Feb.) to meet the deadline for you to receive in time. Having produced Issue 5 onwards, I thought it was about time that members had a list of articles published in the early issues, they make very interesting reading. I will happily forward copies, some of which are becoming rare collectors' items (so they tell me!), see page 6. As time goes on, inevitably the supply of material to publish is slowing down. Please send your stories, poems etc. Many thanks to my small group of regular contributors including Phyllis Hunter, Robin Webb, the Thompson family, Jennifer Mack, Andy Cowburn, Pat Bray and finally, Lisa, who always gave me the info that I required before copy date in hard copy format and then moved on just as I had installed the preferred e-mail.

BernardACook@aol.com. Conventional pics, please — one thing at a time! **Included in the next Issue:**  
**AGM Report, 70th year celebrations**  
**Memories of an Incompetent Idiot**  
**New Boat Build and Funding Update**  
**Tips on rigging and using a Hunter Boat**  
**Village Shops, Pubs & Services recommended**  
**by members, please send in your favourites.**

**Letters**  
 Good pictures with captions are always required for the Newsletter. Please send them **direct to me before copy date.** Will be returned immediately after publication. *The views expressed in this Newsletter are not necessarily those of The Friends of the Hunter Fleet or The Norfolk Heritage Fleet Trust. © Copyright remains with the author or The Friends of the Hunter Fleet.* Articles, photographs, diagrams, letters, cartoons etc. are encouraged from the membership to provide an informative and interesting magazine. Where possible, material should be forwarded on disk, (floppy HD, PC or MAC formatted, Zip, Jaz, or CD-ROM MAC formatted. To ensure against any disk problems, a hard copy run-out must be included which should be Kanged left; (not justified) to avoid double word spaces in the event of the article having to be scanned in Omnipage.
